

LM SOFTWARE

THE MUMMY'S TREASURE: Do you like treasure hunts? If so, then this game will intrigue you. Either you get the treasure or the mummy does, depending on how you play the game! Fun for 1 to 4 players.

AIR RAID: In this game you can be a hero and save the people of the village by intercepting the plane that is going to drop the bombs. Play it and see how many lives you save!

AYATOLLAH DART BOARD: Electronically stick a hole in the Ayatollah. In recent weeks have you felt like you want to punch Khomeini out? Well here's your chance! Throw the darts and see what happens when you hit the right spot.

RESCUE AND DROP: This is your chance to defend a village against a warring pack of mangrels. If you use good skill you can save the people and be their hero forever!

TARGET (Trio of Games): This is a series of three games, POP-UP, DECK THE DUCK, and SKEET. These games give you a chance to test your skill at shooting and are ver enjoyable.

KILL THE VULCAN: Protect the earth from being destroyed by intercepting the land rover being used by the Vulcans, who are from another space outpost. Earth is depending on you!

SINK THE U-BOAT: Did you get the opportunity to sink any U-boats during World War II? Probably not, so here's your chance to do battle with a German U-boat. Good luck!

SEARCH AND DESTROY: The mad Dr. Oppenheimer has stolen a nuclear sub and threatens to destroy the world. Your job is to save the world by using the battleship.

STAR BASE 2000: Puts you in command of starship Aquila. You must reach the Star Base by navigating thru force fields, black holes, and avoid overheating the engines. Can you reach Star Base 2000?

THE BLACK LAGOON: You are the pilot of a boat, which must reach the dock on the other side of the Black Lagoon by passing thru the interconnecting

waterways and avoiding the monster. Good Luck!

MISSION IMPOSSIBLE: If you take on this mission you must successfully reach the end of the corridor containing rooms filled with gas and deadly robots. You have an oxygen allotment and plenty of time to complete your mission.

BOMBARDIER: You're flying over mountains in a bomber. The area below contains Russian missile silos. You must bomb the silos, taking into account wind speed and direction. Good Luck!

SPACE QUEST 2001: Your interstellar space craft must save a friendly colony, on the planet, from the Star Plunderer. You must break thru the forcefield and destroy the enemy, using lasers & missiles.

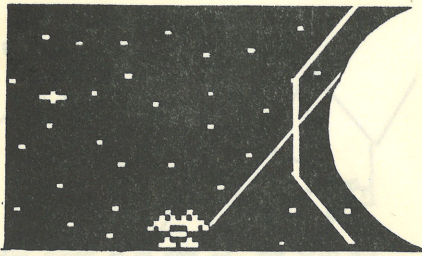

THE FOX AND THE HARE: The Fox is chasing the Hare thru a field containing rabbit holes, that are two levels deep. The Fox must guess in which hole and at what level the Hare is hiding.

GALACTIC WAR 2002: From your starship you must destroy the Klingon space stations, by firing your missiles and at the same time avoid the megaton blaster and space debris. Good Luck!

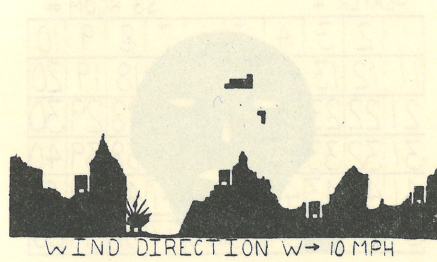

ATOM SMASHER: Is a two player strategy game; where each player selectively removes radioactive particles from atoms. The atoms reach critical mass and explode shooting energy to adjacent atoms, causing a chain reaction. Score is displayed...Very fascinating and exciting!

SPACE SLEUTH: Is a (Who Dun It) detective game for 1 to 4 players. You won't believe the amount of features in this 1.8K game of strategy. There are over 75,000 combinations of suspects, clues, and alibies. A unique "Sherlock Eye Piece" is employed to decode secret information displayed to each player in turn...Unusual game of wit and logic.

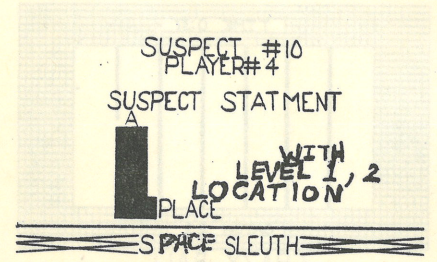

CRAZY BALL: Two games in one program! CATCH 22 and BLOCKADE involve a crazy little ball that is constantly bouncing off the wall. An action skill game that challenges eye to hand co-ordination.
