Deadly poisonous fish, sharks and the dreaded octopus remain as guardians of this trust and will vanquish intruders. Can you collect the treasure and return to your boat before your oxygen runs out? Continuous music, and fantastic underwater graphics add to the enjoyment of this great action game. For 1 to 4 players.
2001	280 Zzzap/Dodgem	Two different high-speed car races demand quick response and raw courage. Enter your racing time into the computer - floor the accelerator - and go for speed and distance. <u>280 ZZZAP</u> challenges you to hold a road filled with dangerous hairpin turns! <u>DODGEM</u> puts you up against other cars driven by the computer. The sharper your driving skills, the more mileage you'll get.
2002	Seawolf/Missile	<u>SEAWOLF!</u> From deep beneath the sea, you fire your torpedoes at tankers, battleships and other targets. Your mission is to sink more enemy ships than any other sub in the wolf pack. It's a race against time and other subs in your own navy. <u>MISSILE!</u> Launch guided missiles against cargo planes, bombers and fighters! Two complete games. Hours of fun! 1 or 2 players.
2003	Panzer Attack/Red Baron	Two exciting games. Challenge the <u>RED BARON</u> to a fight in your World War I Sopwith Camel. Score points as you shoot your opponent from the sky. (2 players). In <u>PANZER ATTACK</u> you may maneuver your tank into position and score by putting your adversary out of commission. Up to 4 players.
2004	Brickyard/Clowns	Two exciting and challenging games! <u>BRICKYARD!</u> Score points by breaking through the wall of bricks. Eliminate the last brick for a big bonus. Two players can even play at different skill levels. <u>CLOWNS!</u> Get the highest score on the laugh meter as your clown catapults off the teeter-totter to break through the balloons. Up to 4 players.
2005	Star Battle	An exciting race through space in a running battle with enemy star ships. Three dimensional screen action looks like you're plunging through a time warp on your way to hyper-space! Fire your missiles and take evasive action to avoid enemy lasers! You have full control over your spacecraft's speed and direction - and you can play to any score for long or short games! 1 or 2 players.
2009	Astro Battle (Space Invaders)	Invaders from space are attacking your home planet. You command a battery of missile bases hidden in protective bunkers. Enter varying skill levels, from novice to professional, in this home version of one of the most challenging and popular arcade games of all time. The invading hordes never stop coming. See which one of your friends can reach the highest score.

<u>Game#</u>	<u>Title</u>	<u>Description</u>
2010	Dog Patch	A real down-home skeet shoot! The target spins through the air as you raise your shotgun and fire. Good shooting keeps the target bouncing between the players. An explosive 12-gauge juggling act builds a big score! Blast the target past your opponent to score points. Play long or short games and vary the number of targets. 1 or 2 players.
2011	Galactic Invasion	Alien ships come at your missile launcher from every direction. They peel off from their formation singly or in groups of twos or threes. The more aliens you destroy, the more of their reinforcements attack. Each ship is piloted by a highly skilled captain capable of maneuvering with incredible agility. Realistic sounds add to the intensity! Up to 4 players.
2012	Space Fortress	You command a lonely outpost far away in the galaxy. The alert sounds. You're being attacked by alien ships from all directions. You destroy some - but they keep coming faster and faster. You'll find Space Fortress positively addicting. It always keeps your interest because of the increasing speed of the enemy assault from all sides. Up to 4 players.
2015	Pirate's Chase	Yo ho ho and a bottle of rum! Race to scoop up as many gold doubloons as you can carry, but watch out! The pirates are on your trail! How much of the treasure can you collect before Long John Silver collects you? Score points for every doubloon and treasure chest you can steal from the pirate crew! A frantic fast-paced game, and the action never stops. 1 or 2 players.
2016	Muncher	Gobble the dots as you go through the maze. But beware of the ghosts they want to gobble you! Make it to the energy wafers and recharge yourself then go after the ghosts for extra points. Plays just like the arcade Pac Man game.
2017	The Incredible Wizard	Challenge the Incredible Wizard and his creatures in their own environment: treacherous dungeons! Slip through the magic door to the other end of the dungeon, but prevent the super monster from escaping through it. Shoot the Incredible Wizard and experience the tremore of the entire dungeon as his magic wavers. Become a Worlord and play Worlord Dungeons - even go all the way to the PIT. Fantastic sounds and bonus plays make the Incredible Wizard just like coin-op games!
2018	Solar Conqueror	You are in deep space, test-piloting the latest in space technology, when your home planet Libnah learns of a surprise attack of the diabolical, war hungry DEMENS from the NATIS galaxy. A radiation death-ray threatens to wipe out your entire race. It's up to you to conquer the enemy solar systems!
2019	Cosmic Raiders	In deep space lies the alien sector Larkin. You are there on a mission to obtain enery sources that have been seized by the evil Larkins. Radar and a superior guidance system help you avoid attacking fighters and Kamikaze ships. The energy stars are near the Larkin command ship: you must retrieve them before you can leave the enemy sector.
