AS YOU WILL WANT TO EXPAND YOUR CAPABILITIES

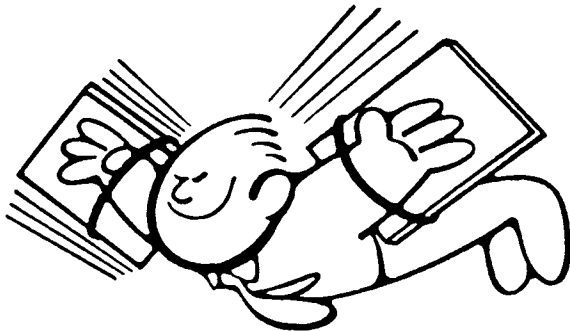

You are invited to join the "The Cursor Group". We are The International Bally Computer System Club. Your membership will make you a part of the most exciting, intellectually challenging endeavor you have ever undertaken. Return the attached pre-paid postal card, we will send you a "Member Enrollment package".

WE OFFER:

1. Additional data to help you understand your system better.
2. New tricks to expand capabilities.
3. With no experience we can make you proficient with your computer.

WARNING!

"THE CURSOR GROUP" monthly newsletter crammed with free games, repair instructions, hardware hints and business software has been known to be so addictive and enjoyable as to cause "lost" weekends!!

A FLYING START

NO EXPERIENCE NECESSARY

Our over 10,000 members all have varying computer experience, ranging from "no experience at all" to "computer-Professional". If you have no desire to become a computer programmer, you need only key-in our programs (free in every issue) and play them as you would any cartridge. No previous experience necessary!!! If, however, you have a strong need of knowledge, we can satisfy your quest with our 10 Technical Manuals which cover *all* aspects of this machine, both hardware and software.
