MEMORANDUM

TO: Bob Fabris — The Arcadian
3626 Morrie Dr.
San Jose, Calif 95127

FROM: R. Grimmer
841 Wheelwright
Manchester, Mo 63011

SUBJECT: Bio-Rhythms— Volume 2 page (15)

DATE: 4-14-'80

The table of days remaining in the year in this program needs to be changed as follows:

line 270 & 260 are correct as is line 370

change to read line 280 $\quad K = 306 - D$; Return $\quad$ 320 $\quad K = 184 - D$; Return
290 $\quad K = 275 - D$; —"— $\quad$ 330 $\quad K = 153 - D$; —"—
(changed from original) 300 $\quad K = 245 - D$; —"— $\quad$ 340 $\quad K = 122 - D$; —"—
310 $\quad K = 214 - D$; SIGNED —"— $\quad$ 350 $\quad K = 92 - D$; —"—
360 $\quad K = 61 - D$; —"—

To check the need for this correction set-up condition to read from one year to the next on identical dates (birthday same as birthday when 1 year old) - for any month past Feb. (Except December) you'll find you are only 363 (instead of 365) days old. when line 990 prints A+U. — Also —all calculated factors are off by two days.
