DEAR BOB:

IN RESPONSE TO YOUR LATEST ISSUE OF ARCADIAN VOLUME 1 NUMBER 8, DATED JULY 20, 1979 ON PROGRAM KEYBOARD, I AM GOING TO ~~WAIT~~ <sup>WAIT</sup> FOR BALLY'S \$650 KEYBOARD EXPANSION WITH ZGRASS UNLESS YOU CAN AT LEAST MATCH, IF NOT SURPASS IT. HOWEVER I WOULD LIKE TO FURTHER EXPAND MY RAM WITH YOUR UPGRADE KITS; I PRESUME THEY WON'T COST AS MUCH AS THOSE COMMERCIALLY AVAILABLE. ZGRASS IS SOMETHING I CAN'T PASS UP. I'VE DONE A LOT OF SHOPPING FOR THE COMPUTER FOR ME AND I'VE DONE A LOT OF THINKING AS FOR WHICH EXPANSION UNITS I PREFER FOR WHAT I NEED IT TO DO: I THINK I MADE THE RIGHT CHOICE FOR ME. I HAD EXPERIENCE IN MAKING A CHOICE BETWEEN T.I. & HP CALCULATORS AND I CHOSE HP FOR WHAT I NEEDED, NOW I CHOOSE ZGRASS FOR MY EXPANSION NEEDS. I STILL WOULD LIKE WHAT SPECS YOU HAVE ON YOUR EXPANSION SYSTEM FOR IF BALLY DOESN'T COME OUT WITH THEIRS BEFORE THE END OF NEXT YEAR, I WILL GO WITH YOURS. MY UNIT IS AS FOLLOWS:

Ynn

BALLY PROFESSIONAL ARCADE  
 MODEL BPA-1100  
 SERIAL # 14907

PLEASE KEEP ME INFORMED ON ANY LATEST DEVELOPMENTS ON YOURS, AS WELL AS BALLY'S, EXPANSION SYSTEMS.

SINCERELY, YOURS,  
 Jerry L. Kersey
