

# Bally PROFESSIONAL plus ARCADE

3 popular games  
and calculator  
built-in.

Attaches  
to your TV set

**more games...** Bally's line up of great video games continues to grow with the games you like best. . .right out of the game room into your living room.

## more fun...

Now there's no easier way to learn about computers than with the new Bally BASIC system. This plug-in cartridge with built-in audio tape interface converts the ARCADE into a personal computer you can program yourself. The Computer Learning Lab makes it easy to learn programming while creating computer games, electronic music, and video art.

## more to come!

Soon the ZGrass-32 expansion keyboard will be available to plug into the Arcade and together create one of the most powerful home video computer systems you can own.

In addition to meeting standard business and home computing requirements, the combined ZGrass-32 computer system will provide extended capabilities for creating graphs and visual displays, interactive teaching, advanced video games, business simulations, electronic music, TV commercials, video titles, and animation.

**\$299<sup>95</sup>**

**Bally Arcade plus includes three built-in games, two hand controls, color calculator, and Bally Basic.**
